

Library Council Summer Activities June, 2021

Over the last twenty days, the Library Council has held several activities for the students of classes 6-9. Each activity which revolved around books, took a week to plan and execute them. All the events saw loads of participation from the students. We were delighted that so many of the students were proactive in their approach to reading and showcased great knowledge based on their reading.

Kahoot Activity - Classes 6&7

Day 1

The Library Council conducted Kahoot Event on the 22nd of May. It was organised by Abeer Datta, Kaavya Saha and Prithvi Sharma, in which 6th and 7th-grade students took part. With a wide variety of books and questions, everyone had lots of fun and many also gained some valuable knowledge. The whole event was amazingly easy to manage as everyone understood the concept immediately and cooperated perfectly. With the Library Council organising several other events, meetings like the Kahoot event will surely become the norm over the course of 2021. This event was fun for all and more importantly, rife with bookie knowledge! In short, it was an experience to remember!

Day 2

The Kahoot Event was held once again with another batch of participants and the result was (once again) astonishing. Abeer Datta, Kaavya Saha and Prithvi Sharma who were in charge of conducting the quiz were dumbfounded at the pace that the questions were being answered. Amazing knowledge of the various books and series referenced let all the participants answer question after question with ease! From *The Arc of A Scythe* to *Moby Dick*, the books chosen were popular and widely loved. The whole event was a breeze as everyone present got the concept immediately. Once again, it was great fun for everyone taking part and especially those organising it.

-Abeer Datta

Classes 8&9

The Kahoot Activity for classes 8 and 9 was conducted by Anushaa Gupta, Soumya Garg, Dishita Natu and Pia Prasad on the 24th of May 2021. It was a fun activity and a great learning experience. We were pleasantly surprised with a large number of participants too. It was very easy to conduct as everyone understood the rules. The participants showed a keen interest in the game and showed an impressive knowledge of the books assigned. I think the activities part of the Summer Reading Program is going to be an experience to remember.

-Pia Prasad

[Skribbl.io](#) Event - Classes 6&7

The [Skribbl.io](#) Activity hosted by Amyra Pasricha, Veda Kalra, Soumya Garg, Lavanya Agarwal, Pia Prasad and Kavya Malik was a fun-filled event for Classes 6 & 7. All 37 participants showed enthusiasm and thoroughly enjoyed the various 'Which Character are You?' quizzes. Participants showcased their drawing skills through the games and everyone left with smiles on their faces. We hope that the participants taking part in this event had as much fun as we had conducting it.

[Skribbl.io](https://skribbl.io) Event - Classes 8&9

The [Skribbl.io](https://skribbl.io) activity for classes 8-9 took place on May 17, 2021. Conducted by Param Mahajan, Ananya Juneja, Lavanya Agarwal, Pia Prasad, Sumaya Beri, Ayesha Gupta, and Jai Relan; a total of 24 students participated in this event. We conducted three rounds each of [Skribbl.io](https://skribbl.io), based on the series 'Percy Jackson and the Olympians' as well as 'Harry Potter.' The participants also took some fun personality quizzes based on these books and shared their ideas in a round of 'Would You Rather?'. We were left impressed with the lightning-fast answers given during the 'Guess the Book by the Adaptation' quiz. The level of participation and engagement was truly a pleasant surprise. Some impassioned debates and discussions as well as interesting opinions made this activity a lot of fun. We hope the participants enjoyed this event as much as we enjoyed conducting it.

-Param Mahajan

Fan Fiction Event - Classes 6&7

On the 11th of May, 2021 a Fanfiction activity was hosted by the Library Council. Twenty students from grades 6-7 took part in this fun event which was conducted by Param Mahajan, Ananya Juneja, Amaeera Kher, Khandro Mevo. This event allowed students to express their thoughts and ideas by writing their own takes on the following popular book series - Keeper of the Lost Cities, A Series of Unfortunate Events, and The Percy Jackson. The students were given one hour to write their fanfictions, and we were surprised by the great works written by them. The amount of imagination and creativity used was commendable. The conductors read through all the pieces and picked the best four pieces that deserved to be recognized. The whole event went smoothly and in an orderly fashion. We hope the students enjoyed this activity as much as we enjoyed conducting it.

-Ananya Juneja

Classes 8&9

The FanFiction Activity hosted by Kabir Datta, Veda Kalra and Pia Prasad was an enjoyable event in which twenty four participants across grades 8-9 participated and submitted creative, original and interesting entries. The event was an opportunity for students to express their thoughts and write their own version/continue the plot using the same characters of the following books - Harry Potter Series, A Wrinkle In Time and The Hobbit. We hope that the participants had as much fun in the event as we had conducting it.
